Vehicle Alert: Dodge Ram Bug Deflector

The 2003 Dodge Ram Pickup with Chrysler has an optional chrome or body colored bug deflector mounted on the leading edge of the hood. We are beginning to hear of incidents that it can be damaged in a car wash.

DaimlerChrysler has been alerted to the problem and is currently working on a resolution. Until a resolution has been determined, it is suggested that special care be taken when washing a Dodge Ram with this option.

Update information will be published as soon as it is made available.
